S.O. 1768.—Whereas Central Government, in exercise of the powers conferred by sub-section (1) of section 3 of the Unlawful Activities (Prevention) Act, 1967 (37 of 1967), declared on the 26th October, 1979 "the Revolutionary People's Front (formerly known as the Armed Revolutionary Government of Manipur), the People's Liberation Army, People's Revolutionary Party of Kangleipak and the Red Army and other bodies set up by them" to be unlawful associations;

And whereas the Central Government, in exercise of the powers conferred by sub-section (1) of section 5 of the said Act constituted on the 17th November, 1979, the Unlawful Activities (Prevention) Tribunal, consisting of Shri Justice Kiranmay Lahiri, Judge of the Gauhati High Court;

And whereas the Central Government, in exercise of the powers conferred by sub-section (1) of section 4 of the said Act referred the said notification to the said Tribunal on the 23rd November, 1979 for the purpose of adjudicating whether or not there was sufficient cause for declaring the said associations unlawful;

And whereas the said Tribunal, in exercise of the powers conferred by sub-section (3) of section 4 of the said Act made an order on the 29th March, 1980,

Now, therefore, in pursuance of sub-section (4) of section 4 of the said Act, the Central Government hereby publishes the said Order, namely;

# BEFORE THE UNLAWFUL ACTIVITIES (PREVENTION) TRIBUNAL

Reference under Section 4(1) of the Unlawful Activities (Prevention) Act, 1967 (Act 37 of 1967).

In re: The Revolutionary People's Front (formerly known as "the Revolutionary Government of Manipur), the People's Liberation Army, the People's Revolutionary Party of Kangleipak and the Red Army and other bodies set up by them":

#### **PRESENT**

The Hon'ble Mr. Justice K. Lahiri.

For the Revolutionary People's Front (formerly known as "the Revolutionary Govt, of Manipur), the People's Liberation Army, the People's Revolutionary Party of Kangleipak and the Red Army and other Bodies set up by them."

: None appears.

For the Union of India:—Mr. A. R. Barthakur, Mr. P. Barthakur Advocates.

Place of sitting:—Nagaland House, 29, Aurangzeb Road, New Delhi.

Date of argument: 28-3-1980. Date of order: 29-3-1980.

#### ORDER

This is a reference made by the Central Government to this Tribunal under section 4(1) of the Unlawful Activities (Prevention) Act, 1967 (Act 37 of 1967), hereinafter referred as "the Act". The Central Government by its Notification No S.O. 738(E) dated 17th November, 1979 constituted this Tribunal for the purpose of adjadicating whether or not there was sufficient cause for declaring the Revolutionary People's Front (formerly known as "the Armed Revolutionary Government of Manlpur), the People's Liberation Army, the Ptople's Revolutionary Party of Kangleipuk, the Red Army and other bodies set up by them, as "mrawful associations". The Central Government by its Notification No. S.O. 600(E) dated 26th October, 1979, issued the following Notification (published in the Gazette of India Extraordinary dated October 26, 1979, Part II, Sec. 3, Sub-section (ii) at pages 1061 and 1062, hereinafter referred as "the Notification", reading:

#### "MINISTRY OF HOME AFFAIRS

New Delhi, the 26th October, 1979

#### NOTIFICATION

- S.O. 600(E).—Whereas the Revolutionary People's Front (formerly known as the Armed Revolutionary Government of Manipur), the People's Liberation Army, People's Revolutionary Party of Kangleipak, and the 'Red Army' (hereinafter referred to as the Meitei Extremist Organisations),
  - (i) have openly declared as their objective the formation of an idependent Manipur comprising the State of Manipur and have resorted to violent activities in pursuance of their objective and bring about secssion of the said State from the Union of India;
  - (ii) have been employing armed forces, namely, the socalled People's Liberation Army and the Red Army and the other bodies set up by them, to achieve their aforesaid objective;
  - (iii) have, a furtherance of their aforesaid objective been employing the said armed forces in attacking the Security Forces and the Civil Government and the citizens in the State of Manipur, and indulging in acts of looting and intimidation against the civilian population and collection of funds for their organisations;
  - (iv) have, to achieve their aforesaid objective, maintained contacts with foreign countries through their organisations with a view to securing financial assistance and assistance by way of arms and training and have secured such assistance;

And whereas the Central Government is of the opinion that for the reasons aforesaid, the Meitei Extremist Organisations and other bodies set up by them including the armed forces named above, are unlawful associations;

And whereas the Central Government is further of the opinion that because of the repeated acts of violence and attacks by armed groups of the so-called People's Liberation Army and the Red Army on the police forces and on the civilian population, it is necessary to declare the Meitei Extremist Organisations and the other bodies set up by them, including the so-called People's Liberation Army and the Red Army, to be unlawful with immediate effect;

Now, therefore, in exercise of the powers conferred by subsection (1) of section 3 of the Unlawful Activities (Prevention) Act, 1967 (37 of 1967), the Central Government hereby declares "the Revolutionary People's Front (formerly known as the Armed Revolutionary Government of Manipur), the People's Liberation Army, People's Revolutionary Party of Kangleipak, and the Red Army and other bodies set up by them" to be unlawful associations, and directs, in exercise of the powers conferred by the proviso to sub-section (3) of that section, that this notification, shall, subject to any order that may be made under section 4 of the said Act, have effect from the date of its publication in the Official Gazette."

After constitution of the Tribunal, notices were issued to the unlawful associations referred to above and they were duly served and made known to the Associations by various modes as required under "the Act" and "the Rules" framed thereunder. I am satisfied that the notices have been properly served and circulated. Thereafter, the matter was set down for hearing on 14-3-80 at 10.30 A.M. at Nagaland House, 29 Aurangzeb Road, New Delhi-11. Due notices were served as to the date and venue fixed for hearing.

The Government of India is represented by Mi. A. R. Batthakur and Mr. P. Barthakur, Advocates, who have presented an affidavit sworn by Mr. R. V. Pillai, Director, Government of India in the Ministry of Home Affairs, New Delht, who is conversant with the facts and circumstances of the case. None appears to oppose the reference. Neither has any cause been shown by any person, body or association.

Upon determination of the procedure to be adopted the Tribunal continued to proceed with the matter on and from 14-3-80. The following issues were framed on 15-3-80:

- "1. Whether the Revolutionary People's Front (formerly known as the Armed Revolutionary Government of Manipur), the People's Liberation Army, the People's Revolutionary Party of Karnataka and the Red Army (hereinatter referred to as 'the Meiter Extremist Organisation') have openly declared as their objectives the formation of an independent Manipur comprising 'the State of Manipur' and bring about secession of the said State (State of Manipur) from the Union of India and have resorted to violent activities in pursuance of the objectives?
- 2. Whether the Bodies, Fronts or Associations referred to above have employed and have been employing their 'Armed Forces' styled as (a) the People's Revolutionary Army, (b) the Red Army, and (c) have set up other bodies to achieve their aforesaid objectives?
- 3. Whether 'the Associations' set out above, in furtherance of their objectives, have been employing the said 'Armed Forces' mentioned in Issue No. 2 in attacking Security Forces and the Civil Government and the citizens in the State of Manipur, and indulging in the acts of looting and intimidation against the civilian population and collection of funds for their Organisations?
- 4. Whether the Revolutionary People's Front and other parties and Organisations mentioned in 1 sue No. 1 have, with a view to achieve their objectives, been maintaining contacts with foreign countries through their Organisations with a view to securing financial assistance and other forms of assistance by way of arms and training and have secured such assistance?
- 5. Whether the Union of India is justified in issuing the Notification No. F. No. III-14026/2/79-NE(I) dated New Delhi the 26th October, 1979 published in the Gazette of India in its issue dated the 26th of October, 1979 as item No. S.O. 600(E) declaring the Revolutionary People's Front, the People's Liberation Army, the People's Revolutionary Party of Kangleipak, and the Red Army and other bodies styled as 'the Meitei Extremist Organisations' to be 'unlawful associations' under Section 3(1) of the Unlawful Activities (Prevention) Act, 1967 (Act 37 of 1967)?
- 6. Whether there is sufficient cause for declaring 'the Associations' to be unlawful and whether the aforesald Notification of the Union of India may be confirmed or cancelled u/s. 4(3) of the Unlawful Activities (Prevention) Act, 1967?"

Thereafter, the Central Government sought for an adjournment to examine their witnesses. Two witnesses have been examined, who have proved 20 documents.

On perusal of the Notification declaring the Associations as "unlawful" it will be seen that the Associations were declared to be unlawful on the basis of certain "reasons" set out in the Notification itself. The affidavit sworn by P.W.2, Mr. R. V. Pillai, relied on the material facts set out in the Notification itself.

Which are "the Associations" declared as "enhanful associations"?

It is clear from the Notification tend conjointly with the cyclence adduced by the witnesses that the Central Government has declared (1) the Revolutionary People's Front (for merly known as the Armed Revolutionary Government of Manipur), (2) People's Revolutionary Party of Kangleipak, and (a) the Peoples Liberation Army and (b) the Red Army as well as other bodies set up by them as "unlawful associations" by and/or under the Notification. It appears from evidence that there are two main Organisations, namely, (1) the Revolutionary People's Front, hereinafter referred as "RPF', and, (2) the People's Revolutionary Party of Kanglerpak, hereinafter described as "PREPAK". Sufficient evidence has been adduced to show that the two organisations have their armed wings styled as (a) the People's Liberation Army, for short "PLA', and (b) the Red Army respectively. Apart from the two armed wings, the two organisations or associations have various other organisations, namely, Red Guards, Consolidation Committee, People's Court, People's Propaganda Committee and so forth. All these Organisations have been styled by the Central Government as "the Meitel Extremist Organisations", for brevity and convenience, Therefore I have no manner of doubt that the Central Government declared the following associations to be "unlawful associations", namely, the Revolutionary People's Front (formerly known as the Armed Revolutionary Government of Manipur), People's Revolutionary Party of Kangleipak, (a) the People's Liberation Army, and, (b) the Red Army as well as other bodies set up by them. All these associations, bodies and/or organisations have been described cojointly by the Central Government as the "Meitei Extremist Organisations".

The next question is whether "the Meitel Extremist Organisations" were in existence at the time of the issuance of the Notification dated 26-10-79?

In this regard I find the affidavit filed by Mr. R. V. Pillai, Director to the Government of India in the Ministry of Home Affairs, New Delhi. This apart, the two witnesses have deposed as to the existence of "the Mettei Extremist Organisations". P.W.I. Mr. Ibopishak Singh is a Manipuri by birth, belongs to the Meitei community, born, brought up and educated in Manipur. He has stated on oath as to the existence of "the Meitei Extremist Organisations" specifically and clearly in his evidence. His evidence as to the existence of "the Meitei Extremist Organisations" is supported by as many as 17 documents proved by him, namely, Exts. 2 to 18.

P.W.2, Mr. R. V, Pillai, Director to the Government of India in the Ministry of Home Affairs, New Delhi has deposed on oath and has confirmed the evidence of P.W.1. There is nothing to disbelieve the evidence of the witnesses nor is it possible to doubt the genuineness of the documents produced on behalf of the Central Government. In the result, unhesitatingly I conclude that "the Meitei Extremist Organisations" were and are in existence and they are and were "live organisations" at all relevant time.

The next crucial question is whether the Organizations or Associations or Bodies have openly declared as their objectives to form an independent Manipur comprising the State of Manipur and have resorted to violent activities in pursuance of their activities and bring about secession of the State of Manipur from the Upion of India?

In this regard we have the oral evidence of P.Ws.1 and 2 as well as the documentary evidence marked as Exhibits 2 to 19. The aims and objects, the policy programme of "the Meitei Extremist Organisations" are clear and simple. Ext. 9(a) is the "War Bulletin for Independence" issued by the PRE-PAK. It was issued on behalf of the Consolidation Committee (CONSOCOM) and the PREPAK, inter-alia declaring that the party would continue to struggle for "the Independence of Manipur" from the 'Indian imperialists' and their 'watch dogs' and it would annihilate the "pet dogs" of "Imperialist India" for achieving "independence". Ext. 10(a) is another pamphlet issued by PREPAK title as "REVOLT WE MUST". It inter-alia appealed to the youths of Manipur to form a "Red Army" to bring about "freedom to the region". Exts. 2 and 3 outline the policy of the People's Liberation Army, Inter-alia, the booklets depict that the objective of the associations is secession of the Manipur State from the Union of India. It states that the Delhi regime can be overthrown through joint efforts of the people. Similarly Exts. 5, 6, 7 and 8 clearly express that the objective

of the associations was to wage a war of independence with Chinese support. The leaflet, fixt. 7, is captioned as "PROGRESS REPORT—WHAT THE WAR OF INDEPENDENCE HAS ATTAINED". Ext. 9 captioned "WAR BULLETIN FOR INDEPENDENCE" issued in November, 1978 by the Red Guards, Consolidation Committee (CONSCOM), PREPAK clearly indicates their objectives to continue the struggle for "independence of Manipur from the Indian imperialists and their watch dogs". Ext. 11 "MANIFESTO OF PREPAK" depicts the important duties and outlines the aims and objectives of the associations. The manifesto declares unambiguously that the party has come forward to revolt for a people's independence and it announces that it was mandatory for a national war to drive out the colonial rulers. Ext. 12 declares that the aim of the PREPAK is to achieve treedom from the imperialist forces. Ext. 10, the booklet published by the PREPAK is captioned "REVOLT WE MUST". It inter-alia expresses in clear language the waging of war against the enemy. It exorted people of Manipur that the future task and objectives of the party would be the taking up of arms by the people and all sections of the society and to work for the revolution. The booklet also appealed to the youths of the region to form a Red Army to bring freedom to the region.

On perusal of these documentary evidence I have no manner of doubt that there are enough materials at the disposal of the Central Government to hold that the open and declared objectives of "the Meitei Extremist Organisation" are to form an independent Manipur and they resorted to violent activities in pursuance of their objectives and to bring about secession of the said State from the Union of India. It is also evident from the evidence adduced and mainly the documentary evidence that the associations have been employing armed forces named and styled by them as People's Liberation Army, the Red Army and some other bodies set up by them to achieve their objectives. I have no hesitation in holding, on perusal of the documents, that "the Meitei Extremist Organisations" have and are employing armed forces named above in order to achieve their aforesaid objectives.

The next question is whether "the Meltel Extremist Organisations" have in furtherance of their objectives been employing their armed forces in attacking security forces and the civil Government and the citizens in the State of Manipur and indulging in acts of looting and intimidation against the civilian population and collection of funds for their organisations? P.W. 1 has proved that the Meitel Extremist Organisations have committed as many as thirtysix violent incidents from 29-6-78 to 18-11-79. It has been stated that the said associations through their organisations are continuing to perpetrate further violent incidents even now. The incidents have been depicted in Ext. 18. They include interalia snatching of rifles from the members of the Manipur Rifles in Thangal Bazar area of Imphal and firing at them, attack on police officials, killing them and escaping with arms belonging to the police department, looting of banks, passenger vehicles, looting of stenguns, rifles and ammunition and commission of various similar grave offences, including attack on police stations, Central Reserve Police Force etc. It has been proved that the PLA and PREPAK have together been responsible for a total number of 36 violent incidents since June, 1978 including 26 during the last year (1979). In these incidents they have killed 15 Security Force/Police Personnels and injured as many as 15 persons. They have also been able to build up their arsenal to a total number of 35 weapons comprising of 2 stenguns, 1 light machine gun, 24 rifles, 5 revolvers, 1 pistol and 2 self-loading rifles. It is also established that they have looted in all a sum totalling Rs. 2,04,509. I am fully satisfied on perusal of the evidence and the documents and in particular Ext. 18 that "the Meitci Extremist Organisations" have in furtherance of their aforesale objectives employed their armed forces in attacking security forces, civil Government and citizens in the State of Manipur and have indulged in acts of looting and intimidation against the civil

The next point is whether these organisations have, to achieve their objectives, maintuined contacts with foreign countries through their organisations, with a view to secure financial assistance and assistance by way of arms and training and have secured such assistance?

It can be called out from the documents marked Exts. 2 3, 5, 6, 7, 8, 9, 10, 11 and in particular Ext. 19 read with the evidence of P.W. 2 Mr. Pillat that the People's Liberation Army organised itself and carried on its programme of armed violence aimed at the independence of the Manipur mainly due to the guidance, support and the assistance provided by the Chinese authorities. It appears from Ext. 19 that Mr. N. Bisheswar had established contact with the Chinese authorities along with 15 others in May, 1976. The party led by Shri N. Bisheswar left for Tibet via Nepal and reached Lhasa. In November, 1976 another known leader of the unlawful associations had left for Lhasa and returned to Manipur in the same year for enlisting new blood and fresh recruits in Manipur and left once again for Lhasa with two new recruits. Another batch of 8 persons led by another Lhasa returned extremist, left for Tibet via Nepal in the middle of 1977. However, they were nabbed by Security Forces in 1977. It further appears that the extremists who had gone to China returned to Manipur after obtaining training in the use of arms and guerilla warfare, imparted such training to others in Manipur besides imparting political and ideological indoctrination.

Exts. 2 and 3 brought out by the PLA bear ample testlmony to the thorough Chinese indoctrination of the PLA leaders and to the Chinese advice for armed guerilla warfare and war of annihilation to secure the objectives of the associations. Ext. 2 summed up the achievements of the PLA during the period of 1976 to 1979 as "(a) establishment of a good relation with the People's Republic of China a relation which our People are longing for; (b) successful implementation of the theory learnt in China thus raising the morale of our troops'; and (c) success in organising during a short period the first battalion of the People's Liberation Army, with the aim of introducing in our country the Second Nanchang uprising "(a famous revolutionary uprising in the Chinese revolution led by Chau-En-Lai) which will turn the whole situation favourable to the revolutionary cause of our motherland and open up a new chapter in the history of our revolution". (\*added by me).

Ext. 19 also bears ample testimoup that in September, 1979 some of the extremists of the PLA exhibitated to Burma for obtaining training and Chinese assistance. Preparations are going on for exhibitating of a large numbers of the Meitei Extremist Organisations to China shortly.

On the basis of this evidence, Mr. Barthakur, learned counsel submits that there are enough materials at the disposal of the Central Government to hold that the unlawful associations, in order to achieve the aforesaid objectives, have maintained contact and maintaining contact with at least one foreign country through their organisations with a view to secure assistance by way of arms training and have secured such assistance. In this view of the matter, I have no hesitation in arriving at the conclusion that there are materials to show that to achieve their objectives the unlawful assoclations or their members have had made contact with China and have secured assistance by way of arms and training and have secured such assistance.

The next question is as to whether these objectives have made the said associations to be unlawful associations contemplated under "the Act"? The expression "unlawful associations" has been defined u/s. 2(g)(i) & (ii) thus:

- "2(g) 'unlawful association' means any association-
- (i) which has for its object any unlawful activity, or which encourages or aids persons to undertake any unlawful activity, or of which the members undertake such activity, or
- (ii) which has for its object any activity which is punishable under section 153A or section 153B of the Indian Penal Code (45 of 1860), or which encourages or aids persons to undertake any such activity, or of which the members undertake any such activity;"

The expression "unlawful activity" has been defined in Section 2(f) thus;

"2(f) 'unlawful activity', in relation to ar individual or association, means any action taken by such individual or association (whether by committing an act

- or by words, either spoken or written, or by signs or by visible representation or otherwise),--
- (i) which is intended, or supports any claim, to bring about, on any ground whatsoever, the secession of a part of the territory of India or the secession of a part of the territory of India from the Union, or which incites any individual or group of individuals to bring about such cession or secession;
- (ii) which disclaims, questions, disrupts or is intended to disrupt the sovereignty and territorial integrity of India;"

The word "secession" has been defined in Section 2(d) as under:—

"2(d), 'secession of a part of the territory of India from the Union' includes the assertion of any claim to determine whether such part will remain a part of the territory of India;"

It is needless to paraphrase the definitions and waste print and paper. Any action of any individual or association expressed or manifested by any act or words, either spoken or written or by signs of visible representation or otherwise, which is intended or supports any claim, to bring about, on any ground whatsoever, the cession or secession of a part of the territory of India from the Union, or which incites any individual or group of individuals to bring about such cession or secession is an unlawful activity insofar as the individual or association is concerned, under the provisions of "the Act". "Secession" of a part of the territory of India from the Union includes the assertion of any claim by any individual or association to determine whether such part will remain a part of the territory of India or not. In the instant case, the declared objectives of the associations are the formation of an independent M inipur comprising the State of Manipur by bringing about secession of the said State from the Union of India by resorting to violent activities in order to achieve the objectives. It has been established that the associations have employed armed forces of their own, namely, the People's Liberation Army, the Red Army and other bodies set up by them to achieve their aforesaid objectives. It has been established that they have in further ance of their objectives, employed the said armed forces to attack the security forces/nolice personnel, civil Government, citizens in the State of Manipur and indulged in looting, intimidation and collection of funds by their criminal activities. In order to achieve their objectives they maintained and continue to maintain contact with a foreign country through their organisations with a view to secure assistance by way of arms and training and have secured such assistance.

In view of the foregoing discussions I hold that the Central Government has sufficient cause for declaring the Meitei Extremist Organisations and other bodies set up by them aforesaid as unlawful associations under section 3 of "the Act". In the result, I confirm the declaration made by the Central Government in its Notification No. S.O. 600(E) dated 26th day of October, 1979.

(Office of the Chief Controller of Imports & Exports)
ORDER

New Delhi, the 16th June, 1980

S.O. 1793.—M/s. Century Flour Mills Ltd., 1st Floor, Esplanade, Madras-600001 were granted an import licence No. P|CG|2073297|C|XX|67|H|77 dated 26-5-1978 for Rs. 16,62,342/-(Rupees sixteen lakhs, sixty two thousand, three

bundred and forty two only) for import of Biscuit Oven and Wrapping machines etc. from Holland and U.S.A., against Free Foreign Exchange. The firm has applied for issued, of duplicate copies (both Customs & Exchange Purposes) of the above licence on the ground that the original Customs Purposes Copy and Exchange Control Copy have been misplaced in the Office of Director General of Technical Development, Udyog Bhavan, New Delhi, without having been registered with any customs authority and utilised at all.

- 2. In support of their contention, the licensee has filed an affidavit on stamped paper duly aworn in before the Commissioner for Oaths, Madras. I am accordingly satisfied that the original customs purposes copy and exchange control copy of the import licence No. P|CG|2073297 dated 26-5-1978 have been lost or misplaced by the firm. In exercise of the powers conferred under sub-clause 9(cc) of the import (control) Order, 1955 dated 7-12-1955 as amended upto date the said original Customs Purposes Copy and Exchange Control Copy of import licence No. P|CG|2073297 dated 26-5-1978 issued to M/s. Century Flour Mills Ltd., Madras are hereby cancelled.
- 3. Duplicate Customs Purposes Copy and Exchange Control Copy of the said licence are being issued to the firm, separately.

#### MINISTRY OF STEEL, MINES & COAL

#### (Department of Coal)

New Delhi, the 20th June, 1980

S.O 1800.—Whereas by the notification of Government of India in the erstwhile Ministry of Energy (Department of Coal) No. S.O. 1129, dated the 4th March, 1979, under sub-section (1) of Section 4 of the Coal Bearing Areas (Acquisition and Development) Act, 1957, (20 of 1957) the Central Government gave notice of its intension to prospect for coal in lands measuring 1105 acres (approximately) or 447 16 heaters (approximately) in the locality specified in the Schedule appended hereto;

And where as in respect of the said lands, no notice under sub-section (1) of section 7 of the said Act has been given;

Now, there fore, in exercise of the powers conferred by the said sub-section (1) of section 7, the Central Government hereby specifies a further period of one year commencing from the 4th March, 1980, as the period within which the Central Government may give notice of its intension to acquire the said lands or any rights in or over such lands.

#### SCHEDULE

# Chalkari Colliery Extension (East Bokaro Coal field) District Hazaribagh & Girldih

[सं॰ 19(7)/79 सी॰ एल॰]

S.O. 1801.—Whereas by the notification of the Government of India in the Ministry of Energy, Department of Coal No. S.O. 1449 dated the 16th April, 1979, under sub-section (i) of Section 4 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957) and published in Part II, Section 3, Sub-section (ii) of the Gazette of India dated the 5th May, 1979, the Central Government gave notice of its intention to prospect for coal in 1038.00 hectares (approximately) or 2565.00 acres (approximately) of the lands in the locality specified in the Schedule annexed to that notification;

And whreas the Central Government is satisfied that coal is obtainable in a part of the said lands; 302 GI/80-9.

Now, therefore, in exercise of the powers conferred by sub-section (i) of Section 7 of the said Act, the Central Government hereby gives notices of its intention to acquire:

- (a) the lands measuring 49.60 hectares (approximately) or 122.57 acres (approximately) as described in Schedule 'A' appended hereto : and
- (b) the rights to mine, quarry, bore, dig and search for, win, work and carry away minerals in the measuring 852.91 hectares (approximately) or 2107.31 acres (approximately) as described in Schedule appended hereto.

Note 1.—The plans of the area covered by this notification may be inspected in the Office of the Collector, Betul (Madhya Pradesh) or in the Office of the Coal Controller, 1, Council House Street, Calcutta or in the Office of the Western Coalfields Limited (Revenue Section), Bisesar House, Temple Road, Nagpur (Maharashtra).

Note 2.—Attention is hereby invited to the provisions of Section 8 of the aforesaid Act, which provides as follows.

Objections to Acquisition :-

"8(1).—Any person interested in any land in respect of which a notification under section 7 has been issued may, within thirty days of the issue of the notification, object to the acquisition of the whole or any part of the land or of any rights in or over such land.

Explanation.—It shall not be an objection within the meaning of this section for any person to say that he himself desires to undertake mining operations in the land for the production of coal and that such operations should not be undertaken by the Central Government or by any other person.

(2)(Every objection under sub-section (1) shall be made to the competent authority in writing, and the competent authority shall give the objector and opportunity of being heard either in person or by a legal practitioner and shall, after hearing all such objections and after making such further enquiry, if any, as he thinks necessary, either makes a report in respect of the land which has been notified under sub-section (1) of Section 7 or of rights in or over such land, or make different reports in respect of different parcels of such land or of rights in or over such land, to the Central Government, containing his recommendations on the objections, together with the record of the proceedings held by him, for the decision of that Government.

(3) For the purposes of this section, a person shall be deemed to be interested in land who would be entitled to claim an interest in compensation if the land or any rights in or over such land were acquired under this Act."

Note 3.—The Coal Controller, 1, Council House Street, Calcutta, has been appointed by the Central Government as the competent authority under the Act.

#### New Delhi, the 21st June, 1980

S.O. 1803.—Whereas by the notification of the Government of India in the late Ministry of Energy (Department of Coal) No. S.O. 2667, dated the 20th July, 1979 under sub-section (1) of Section 4 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957), the Central Government gave notice of its intention to prospect for Coal in 56.00 acres (approximately) or 22.66 hectares (approximately) of the lands in the locality specified in the Schedule appended to that notification;

And whereas the Central Government is satisfied that Coal is obtainable in the said lands;

Now, therefore, in exercise of the powers conferred by subsection (1) of Section 7 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957), the Central Government hereby gives notice of its intension to acquire the lands measuring 56.00 acres (approximately) or 22.66 hectares (approximately) described in the Schedule appended hereto;

Note 1.—The plan of the area covered by this notification can be inspected in the office of the Deputy Commissioner, Giridih (Bihar) or in the office of the Coal Controller, 1, Council House Street, Calcutta or in the office of the Central Coalfields Ltd., (Revenue Section), Darbhanga House, Ranchi (Bihar).

Note 2.—Attention is hereby invited to the provisions of section 8 of the Coal Bearing Areas (Acquisition and Development) Act, 1957 (20 of 1957) hich provides as follows:—

8. (1) Any person interested in any land in respect of which a notification under section 7 has been issued may,

within thirty days of the issue of the notification, object to the acquisition of the whole or any part of the land or of any rights in or over such land.

Explanation.—It shall not be an objection within the meaning of this Section for any person to say that he himself desires to undertake mining operations in the land for the production of coal and that such operations should not be undertaken by the Central Government or by any other person.

(2) Every objection under sub-section (1) shall be made to the competent authority in writing, and the competent authority shall give the objector an opportunity of being heard either in person or by a legal practitioner and shall, after hearing all such objections and after making such further inquiry, if any, as he thinks necessary, either make a report in respect of the land which has been notified under sub-section (1) of section 7 or of rights in or over such land, or make different reports in respect of different parcels of such land or of rights in or over such land, to the Central Government, containing his recommendations on the objections, together with the record of the proceedings held by him, for the decision of that Government.

Note 3.—The Coal Controller. 1, Council House Street, deemed to be interested in land who would be entitled to claim an interest in compensation if the land or any rights in or over such land were acquired under this Act.

Note 3.—The Coal Controllef, 1, Council House Street, Calcutta  $ha_5$  been appointed by the Central Government as the competent authority under the Act.

#### ORDER

#### New Delhi, the 9th June, 1980

S.O. 1815.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the Cochin Port Trust, Cochin and their workmen in respect of the matter specified in the Schedule hereto annexed;

And, whereas the Central Government considers it desirable to refer the said dispute for adjudication;

Now, therefore, in exercise of the powers conferred by section 7A, and clause (d) of sub-section (1) of section 10, of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby constitutes an Industrial Tribunal of which Shri T. Sundarsanam Daniel shall be the Presiding Officer, with headquarters at Madras and refers the said dispute for adjudication to the said Tribunal.

#### SCHEDULL

Whether the management of Cochin Port Trust are justified in imposing the punishment of Stoppage of one increment without cumulative effect on Shri E. K. Raghavan Nair, Mobile Crane Driver? If not, to what relief is the concerned workman entitled?

[No. L-35012/1/80-D.IV(A)] S. S. MEHTA, Desk Officer

#### New Delhi, the 21st June, 1980

S.O. 1816.—In pursuance of section 17 of the trial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal-cum-Lebour Court, Jabalpur in the industrial dispute between the employers in relation to the management of M/s. Manganese Ore India Limited, Nagpur and their workmen, which was received by the Central Government on the 7th June, 1980.

BEFORE SHRI A. G. QURESHI, M.A., LL.B., PRESIDING OFFICER, CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-CUM-LABOUR COURT, JABALPUR (M.P.)

#### Case No. CGFT/LC(R)(13)/1979

#### PARTIFS:

Employers in relation to the Management of Manganese Ore India Limited, Nagpur and their workmen represented through the Joint Secretary, Samyukta Khadan Mazdoor Sangh (AITUC), Chikla Branch, P.O. Chikhala, District Bhandala (M.S.).

#### APPEARANCES:

For Workman-Shri Dayaram Pradhe.

For Management-Shri P. S. Nair, Advocate,

INDUSTRY: Manganese Minc. DISTRICT: Nagpur (M.S.)

#### AWARD

In exercise of the powers conferred by Section 10(1)(c) of the Industrial Disputes Act, 1947, the Government of India in the Ministry of Labour has referred the following industrial dispute to this Tribunal vide Notification No. L-27011/4/78-D.III(B), dated 26th May, 1979, for adjudication:—

"Whether the action of the management of M/s. Manganese Ore India I imited, Nagpur, in stopping from work Shri Mohan Paradhy, piece rated worker of Mansar Manganese Mine with effect from 12th May, 1978 is justified? If not, to what relief the workman is entitled?"

- 2. After the pleadings and documents filed by the parties the case was fixed for evidence at Magnus at the request of the representative of the workman. But before the evidence could be led by the parties, on 28th April, 1980 the Counsel for the management has submitted an application along with a Memorandum of Settlement stating therein that the parties have settled the dispute. Hence the Tribunal be pleased to give an award in terms of the settlement.
- 3. On perusal of the terms of settlement I find that the management has agreed to give fresh appointment to Shri Mohan Pardhe and the workman has agreed to give up all his other claims including the payment of back wages till the date of his appointment and to attend his duties regularly. The aforementioned terms of settlement appear to be fair and reasonable and are in the interest of the workman concerned. As such I give my award in terms of the settlement, the copy of which shall form part of this award.

Dated: 27th May, 1980.

A. G. QURESHI, Presiding Officer. [No. L-27011/4/78-D.III(B)]

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-CUM-I ABOUR COURT : CAMP NAGPUR

#### Case No. CGIT/LC(R)(13)/1979

Employers in relation to the Management of Manganese Ore (I) Ltd., Mansar Manganese Mine.

#### Vs.

Their workmen represented by Shrì Mohan Pardhe Jt. Secretary, Samyukta Khadan Mazdoor Sangh Chikla Mîne.

#### Short recital of the case

Shri Mohan Pardhe was appointed on probation for one year on 25th November, 1977. He was granted leave up to 25th April, 1978 in connection with sickness of his wife. His wife was discharged from the hospital. Shri Mohan Pardhe was required to report for duty on 26th April, 1978. However, he did not report for duty nor extended his leave nor sent any intimation—Under Rule 6-B of the C.S.O. of the Company, the services of Shri Mohan Pardhe came to an automatic end.

2. The workman agitated the matter and the Government of India made a reference under Section 10 of the I.D. Act, of the following matter to the Central Government Industrial Tribunal-cum-Labour Court, Jabalpur:

#### SCHEDULE

"Whether the action of the management of M/s. Manganese O.c India Limited, Nagpur, in stopping from work Shri Mohan Pardhe, piece rated worker of Mansar Manganese Mine with effect from 12th May, 1978 is justified? If not, to what relief the workman is entitled?"

3. After the Reference, the parties have discussed the matter mutually and in the interest of industrial peace, the management has taken a sympathetic attitude and the parties have settled the dispute on the following terms:—

# Terms of Reference

- The management will give fresh appointment to Shri Mohan Pardhe within one month of the date of this settlement.
- (2) The workman give up all his other claims including payment of backwages till the date of his appointment.
- The workman undertakes to attend his duties regularly.
- (4) The parties will file a copy of this settlement before the Central Government Industrial Tribunal-cum-Labour Court, Jabalpur and pray for an award in terms of settlement.

Place; Nagpur. Date: 28-4-1980.

Sd/Council for Management.
Sd/For Mohan Pardhe.
For S.K.M.S.

#### ORDER

New Delhi the 21st June, 1980

S.O. 1817.—Whereas an industrial dispute exists between the employers in relation to the management of Dalmia Magnesite Corporation Karuppur, Salem and their workmen represented by Salem District Magnesite Labour Union, Magnesite Workers Union and Magnesite Thozhilalar Munnetra Sangam, Salem;

And, whereas, the said employers and workmen have, by a written agreement in pursuance of the provisions of the subsection (1) of section 10-A of the Industrial Disputes Act, 1947, agreed to refer the said dispute to arbitration by the persons specified therein and a copy of the said agreement has been made available to the Central Government;

Now therefore, in pursuance of sub-section (3) of section 10-A of the said Act, the Central Government hereby publishes the said Agree nent.

#### AGREEMENT

(Under Section 10-A of the Industrial Disputes Act, 1947)

#### NAME OF THE PARTIES:

Representing employers:

Sri M.R. Manohar Singh Personnel Manager

Dalmia Magnesite Corporation

Karuppur, Salem-636012

Representing Workmen:

1. Sri A. Periathambi General Secretary

Salem Dist. Magnesite Labour

Union

Tharamangalam Road,

Salem-636005

 Sri K. Balasubramanian Secretary

Magnesite Workers Union

Omallur Road Mamangam, Reddipatti Post

Salem-636005

3. Sri N. Karuppaiah

President

Magnesite Thozhrilalar Munnetra Sangam

Karumbalai, Karuppur Post

Salem-636012

It is hereby agreed between the parties to refer the following dispute to the Arbitration of Sri K. Shanmugavel, Regional Labour Commissioner (Central), Madras.

(i) Specific Matters in dispute:

- 1. Whether the deduction of wages for 2 hours between 2 and 4 pm. on 12-11-1979 due to Stoppage of work by the Management on Account of Rain is justified?
- 2. If not, what relief the workmen are entitled to?
- (ii) Details of the parties to the dispute including the name and Address of the establishment or undertaking involved:
  - (a) Details of parties 1. M/s, Dalmia Magnesite Corporation

Karuppur, Salem-636012

- Salem Dist. Magnesite Labour Union, Thuramangalam Road, Salem-636005
- Magnesite Workers' Union Omallur Road, Mamangam Salem-636005
- Magnesite Thozhilalar Munnetra Sangam, Karumbalai, Karuppur Post, Salem-636012
- (b) Address of the Estt:

Chattichavadi Magnesite Mines of M/s. Dalmia Magnesite Corporation,

Karuppur, Salem-636012

- (iii) Name of the workman in case he himself is involed in the Dispute or the name of the Union, if any, representing the workman or workmen in question:
  - Salem Dist. Magnesite Labour Union, Tharamangalam Road, Suramangalam, Salem-636005
  - Magnesite Workers' Union, Omallur Road, Mamangam, Reddipatti Post, Salem-636005
  - Magnesite Thozhilalar Munnetra Sangam, Karumbalai, Karuppur Post, Salem-636012
- (iv) Total No. of workmen employed in the undertaking affected

2,628 2,188

 (v) Estimated number of workmen affected or likely to be affected by the dispute:

It is agreed that the award of the Arbitrator shall be binding

on us.

The arbitrator shall make his award within a period of 60 days from the date of publication of this agreement in the Official Gazette by the appropriate Government or within such further time as is extended by mutual agreement between us in writing. In case the award is not made within the period aforementioned, the reference to arbitration shall stand automatically cancelled and we shall be free to negotiate for fresh arbitration.

#### Industriai Dispute No. 22 of 1978

#### BETWEEN

Workman of Singareni Collieries Company Limited, Godavari Khani, Karimnagar District.

#### AND

The Management of Singareni Collieries Company Limited, Ramagundam Division, Karimnagar District.

#### APPEARANCES:

Sri A. Lakshmana Rao, Advocate—for the Workmen.

Sarvasri K. Srinivasa Murthy and K. Satyanarayana Rao. Advocates—for the Management.

# COMMON AWARD

The matters referred to this Tribunal in both these cases are identical disputes between the Management of Singareni Collieries Company Limited, Godavari Khani and its empioyees. Sii K. Rajam, Ex-Rope Siriker is the employee concerned in the first case and Sri Edla Venkati, Tyndal is the employee involved in the other case. The reference is by the Government of India, Ministry of Labour. By its order dated 17-8-1978 in F. No. I.-21012(2)/78-D-iV(B) it referred the following issue to this Tribunal for adjudication:—

"Whether the action of the management of Singareni Collieries Company Limited in dismissing Shri Kalvala Rajam, Ex-Rope Striker Godavari Khani, 7A lunding from service with effect from 12-10-1977 in justified? If not, to what relief is the concerned workman entitled?"

This has been numbered as I.D. No. 20 of 1978 by this Tribunal. The reference in the second case is by its

Order dated 18-8-1978 in 14. No. L-21012(4)/78 D IV-(B) and the issue referred is:---

"Whether the action of the management of Singment collidies Company Limited, Ramagemedam Division, in dismining Shri Edla Venkati, Tyndal from service with effect from 13-10-1977 is justified? If not, to what relief is the concerned workman entitled?"

and this has been numbered as I.D. No. 22 of 1978 by this Tribunal.

- 2. Notices were issued to the parties concerned in both these matters by this Tribunal and the Workmen concerned filed their claims statements and the Management its counter statements.
- 3. The charge against the workmen in these two matters were that they occupied the Company's quarters unauthorisedly for their residence and refused to vacate the same inspite of the instructions from the concerned Officers of the Company. That conduct on the part of the workmen was treated as miscon luct under Company's Standing Orders 16(1) and 16,9). During the domestic enquiry the workmen a mitted that hey occupied the Company's quarters and did not vacate as alleged in the charge sheet. The Enquiry Officer he charges against them were proved. The Management accepted the findings of the Enquiry Officer and taking into consideration that the workmen were suspended previously 3 time, for not vacating the quarters and they were continuing in the quarters inspite of those suspensions held that the dimissal was proper under the circumstances and accordingly dismissed these 2 workmen by separate orders. At the instance of the workmen the disputes were finally referred to this Tribunal for adjudication as stated at the outset.
- 4. In their claims statements which are in identical terms, the workmen mention that the housing problem in Godavari Khani is very acute and inspite of several representations the Managemen, refused to allot the quarters to them though it allotted the quarters to number of juniors, that these two workmen occupied the quarters as per the oral advice of the Management, that during the domestic enquiry they requested the Management to grant them sometime to vacate the quarters, but without appreciating their difficulies properly they were dismissed from service. It is further alleged that in several other matters the Management allotted quarters to the workmen that were occupying them even though those workmen were suspended previously for not vacating them and in these two cases only the workmen are dismissed and this is a discriminatory action on the part of the Management and it is victimisation. It is further averred that the punishment of dismissal is too harsh and dis-proportionate to the alleged misconduct and therefore the dismissal order should be set aside and the Management should be directed to reinstate them with full back wages and continuity of service.
- 5. The counter of the Management in these two matters is also in identical terms on all material points. They allege that there was no oral permission to occupy the quarters, that the occupation by them is illegal and unauthorised, that these workmen were suppended three times previously for no vecting and for this continued misconduct the Management had to issue a charge sheet and as the workmen remained stubborn and continued in the quarters the Management was forced to dismiss them from service after conducting domestic enquiry. It is further alleged that there are many workers who are seniors to these two workmen and awaiting allottment and the various alleged juniors mentioned in the claims statements cannot be identified by the Management unless their designations and further particulars are given. It is further stated that the Management had no illefeling towards these workmen and the dismissal was for continued misconduct of illegal occupation and refusing to vacate the same and the Management had no malafide intention and these workmen are not entitled to any relief.
- 6. Before this Tribunal as it was conceded by the counsel for the workmen that the domestic enquiry was fair and proper, it was held by my learned predecessor on 8-8-1979 that the domestic enquiry was fair and proper. The parties did not adduce any oral evidence before me. M1 to M5 and

M1 to M9 were get marked by consent in f.Ds. 20 and 22 of 1978 respectively and the parties advanced their arguments on the material on record, it may be mentioned at this stage itself that Ex. M1 is the dismissal order, Ex. M2 the domestic enquiry report with findings and Ex. M3 the enquiry proceedings containing the statements of the witnesses and the delinquent in the domestic enquiry in both the I.Ds. Ex. M5 in I.D. 20 of 1978 is the charge memo given to the workman concerned and Ex. M4 is a notice to the workman to attend that enquiry. In I.D. 22 of 1978 Ex. M9 is the charge memo and Ex. M8 is, explanation of that workman concerned in that enquiry and Ex. M4 to M7 are the notices to 4hat workman to appear for enquiry.

- 7. As the issues involved in these two cases are identical and the pleadings and the other material on record are also identical and as they are argued together by the same counsels appearing for the parties, these two matters are being disposed of by this common award for convenience.
- 8. As can be seen from what has been said already, the facts and also the point involved in these two matters are simple and beyond dispute. The Singareni Collieries Company Limited has number of rendential quarters for its employees working at Godavari Kh.mi It appears that at that area and at the place of employment no private quarters would be available. It is all Company property and the Company constructed number of quarters there and it allois them to their employees subject to the availability of quarters. their employees subject o the availability of quarters. It is stated before me by the learned counsel for the workmen that there are some small villages at a distance from this place but at 'he place of employment there would be no other private quarters though some workmen raised some thatched huts privately here and there. These two workmen occupied the Company's quarters without allottment and without the permission of the Company. At one stage the workmen tried to say in their claims statements that such occupation was with some oral permission but that averment has been denied by the Management and the workmen failed to produce any evidence at any stage of these disputes to show that there was any such oral permission. Therefore the occupation of the quarters by these two workmen was without permission and unauthorised. For this the workmen were given charge memos. In their explanations the workmen stated that they would vecte after 4 or 6 months. They did not deny the would vacate after 4 or 6 months. They did not deny the charge that they were occupying the quarters unauthorisedly and did not vacate inspite of instructions from the concerned officer of the Company. On the material available the Enqu'ry Officer held in the domestic enquiry that misconduct under Standing Order 16(1) and 16(9) of the Company's Standing Orders as alleged in the charge memo is proved. Admittedly these workman were suspended three times previously after enquiries for not vacating the quarters. In Ex. M1 orders the Management held that this is a grave and serious misconduct and this conduct has to be visited with dismissal and dismissed these workmen accordingly.
- 9. Standing Order 16 mentions what conduct be construed as misconduct, 16/1) is wilful insubordination or disobedience, whether alone or in combination with another or others, or any lawful or reasonable order of a superior. Standing Order 16(9) is causing damage to work in progress or to property of the Company. As far as the charge with reference to Standing Order 16(9) is concerned the finding of the Enquiry Officer accepted by the Management is wholely unreasonable and untenable and it can even be termed as perverse. What is occupied by the workmen is residential quarters intended for occupation by the workmen, Of course such occupation can only be on allotment by the Company. But by no stretch of imagination can such occupation be considered as causing damage to the property of the Company. There was no damage at all to the Company's quarters or to the property of the Company when there was such occupation, Therefore the finding that this conduct of the workmen amounts to misconduct under Standing Order 16(9) is perverse and cannot be allowed to stand.
- 10. The other misconduct alleged and found against the workmen was under Standing Order 16(1). This relates to insubordination or disobedience of any lawful or reasonable order of a superior. The learned counsel for the workmen submits that he is assuming that the instruction or order to these workmen to vacate the quarters occupied by them unauthorisedly is lawful or reasonable order of a superior He contends that even then there was no disobedience of any such order as the workmen never refused to vacate the quarters but they merely asked for time to vacate them

- He further contends that even if there is such a disobedience his extreme punishment of dismissal is very disproportionate to the misconduct alleged, that Section 11A of the 1.D. Act gives wide powers to this Tribunal in such circumstances and he exercise of such powers this dismissal order should to set aside and the workmen should be restored to their service. The argument of the learned counsel for the Management is but these workmen were suspended three times on the same charge and as the workmen did not vacate but continued in quarters and at it is a continuing offence they had no other go except to dismiss these workmen his time.
- 11. In these two cases there is no wilful insubordination, But the conduct of the workmen in squatting in the quarters and in not vacating them inspite of instruction, and inspite of punishments earlier would cer ainly amount to disobedience of lawful orders of the superiors as rightly assumed by the counsel for workmen. Here are the employees of the Company who unauthorisedly occupied the quarters of the Company and are refusing to vacate them. They were ordered to vacate by the Company and three times they were suspended for short periods previously for not vacating these quarters, Inspite of that they continued in quarters. The so-called offer during domestic enquiry to vacate after sometime was not at all a sincere offer, In Ex. M3 in LD. No. 20 of 1978 the workman in his statement mentioned that though he received written instructions from the Colliery Manager he did not vacate, that he was not in a position to construct a hut and he was not getting accommodation on rent also and so he could not vacate this quarter. He stated further that he was vorking in Cet 3 as 10pe striker and he might be promoted to Cct 5 on he might be sent to No. 9 Incline and then he would vacate the quarters as he could get accommodation then. Then he requested for 6 months to vacate them. It is thus clear inspite of previous suspensions this workman was not prepared to vacate and he was offering to vicate only when he would be promoted or transferred to another Incline. Perhaps he was hopeful of promotion within 6 months and so he seems to have added that the would vacate if 6 months time was given. This statement was on 26-8-1977. Admittedly the workman did not vacate even after that 6 months period. This subsequent conduct also shows that the so called offer to vacate the quarters was not a sincere one and was put forth as a lame excuse. Similarly in I.D. No. 22 of 1978 Fx. M3 proceedings show that in his statement though that workman stated in the earlier portion that he would vacate if 4 months time was given, that was not a sincerc offer as it was a qualified offer and he was adding that he might be allotted some quarter meanwhile. To the last question also put to him he stated in Ex. M3 proceedings that he might be allotted a quarter for his residence. It is thus clear that when he was confronted with a disciplinary action he merely putforth an unsincere statement that he would vacate if 4 months time was given. The subsequent conduct of this workman also shows that it was not at all a genuine offer. Such conduct of these workmen clearly amounts misconduct.
- 12. The only point now for consideration in view of the submission of the learned counsel for the workmen is whether the punishment by way of dismissals in the circumstances of the cases are just and sustainable or whether they are excessive and liable to be set aside.
- 13. Admittedly the workman in I.D. 20 of 1978 is in Company's service from 1964 and the workman in other I.D. is in service from 1963. They were having 12 to 14 years of service by the date of the dismisal orders. The material before me does not show, and the Company also does not allege, that there is any other misconduct as far as these workmen are concerned in the course of the discharge of their duties, The only misconduct alleged and found is the occupation of the quarters without allotment to them. When we take into consideration the long service of these workmen without anything against them on record and when the Company could have evicted them from these quarters otherwise also, the punishment of dismissal is certainly too severe and it cannot be taken as justified. These workmen of 12 to 14 years service are having their families and other dependants and the misconduct alleged and proved does not at all attract the extreme penalty of dismissal. Though normally punishment is in the discretion of the Management when once the misconduct is proved, the punishment of dismissal in these two cases with reference to the particular misconduct proved is so harsh to suggest victimisation. Because the instructions of the Officer of the Company to vacate the

quarters were not obeyed by these workmen the Management appears to have been prevailed upon to take this extreme step of dismissal. The dismissals in the circumstance, of he cases are clearly unjustified and out of proportion. Both these workmen vacated the quarters in April, 1980 and at the time of heating they have filed certificates obtained by them to that effect with memos. That these certificates are genuine and these workers vacated the quarters as mentioned in these certificates given by the Officer of the Company is not disputed by the learned counsel for the Management. On 10-4-1980, as indicated to some extent on the docket sheets of these two cases also, there was a querry to the learned counsel for the workmen from the bench that when the workmen were continuing in occupation of the quarters refusing to vacate the same would it be reasonable for them to expect consideration on the question of the quantum of punishment. Thereupon the learned counsel for the workmen took time and by the next date of hearing these certificates were produced vacating the quarters. May be the quarters were vacated persuant to the advice of their counsel but the fact remains that the occupation of the quarters for which these workmen were dismissed ceased from 16-4-1980 as the quarters were vacated by them. On taking on overall picture and on a consideration of the unblemished long service of these workmen and on a consideration the particular misconduct held against these workmen, it is quite clear that this extreme penalty of dismissal from service cannot be sustained and these workmen and their families cannot be made to suffer. As mentioned by me already this punishment is so disproportionate to this misconduct that it points out to victimisation. As held by our High Count the Industrial Tribunal has wide description in confidering and awarding punishment after the introduction of Section 11A of the Act and the Tribunal has power to hold that the evidence does not merit a finding of misconduct and the Tribunal can also find that though the evidence justifies the finding of the domestic enquiry puthority still the order of dismissal is unjustified. On a consideration of all the aspects I am clearly of the view that the dismissal orders in these two cases cannot be sustained and have to be set aside. These workmen are entitled to be reinstated with continuity of service.

14. Are these workmen that are being reinstated now are also entitled to back wages in full? Once the misconduct is proved some reasonable punishment may have to be there. Even if the punishment of dismissal is held unjustified, being disproportionate to the misconduct, that would not mean that the workmen should be awarded back wages in full. No doubt normally when the dismissal is set aside and the workmen is restored to service he is also granted full back wages. But that granting is when there would no fault on the part of the workman and the dismissal is found to wholly illegal. In these two cases before me the work-men consistantly refused to vacate the quarters and even after dismissal they continued in quarters. From the docket sheet in these two cases we find that on 5-7-1979 a representation by Mr. Lakshmana Rao, the learned counsel for the workmen, was made to the Tribunal saying that the workmen were prepared to vacate the quarters if the management agrees to take them back to service. This representation was before my learned predecessor. We further find from the docket that the counsel for the Management conscented to that proposal on humanitarian grounds. The workmen then wanted time till 18th to vacate and time was which enquiry in these two I. Ds. would go on. The docket sheets further shows that on 18-7-1979 it was reported that the workmen refused to vacate the quarters inspite of the undertaking given on the last occasion and the matter was posted the easter for enquiry. It is only on 10-4-1980, again at the suggestion from the bench the workmen rook time to vacate and on 17-4-1980 they reported that they vacated the quarters and filed the certificates. It is thus clear that the workmen have throughout refused to vacate the quarters occupied by them unauthorisedly and compelled the Management to initiate proceedings against them and it is only at a stage when they thought it would be profitable for them to vacate on the eve of the closure of enquiry in these I. Ds., before this Tribunal, they vacated them. No doubt the workmen remained unemployed during htis period after their dismissal but to some extent they brought that situation of unemployment by their own donduct. On a consideration of all the aspects I am of the view that awarding of half back wages only from the date of their dismissal would be just and proper and not the full back wages as claimed by

15. In the result, in view of the foregoing in I.D. 20 of 1978 the dismissal of the workman concerned is set aside and the Management is directed to reinstate him with continuity of service with half back wages from the date of dismissal till this award becomes enforceable and with full wages thereafter.

16. In 1.D. 22 of 1978 also the dismissal of the workman, is set aside and the Management is directed to reinstate the workman concerned with continuity of service with half back wages from the date of his dismissal till this award becomes enforceable and with full wages thereafter.

Dictated to the Stenographer, transcribed by him and corrected by me and given under my hand and the seal of this Tribunal, this the 30th day of May, 1980.

INDUSTRIAL TRIBUNAL

#### New Delhi, the 23rd June, 1980

S.O. 1822.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 2, Dhanbad, in the industrial dispute between the employers in relation to the management of Burragarh Colliery of Messrs Bharat Coking Coal Limited, Post Office Bhagaband, District Dhanbad and their workmen, which was received by the Central Government on the 16th June, 1980.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL (NO. 2) AT DHANBAD

# Reference No. 88 of 1979 .

In the matter of an industrial dispute under S. 10 (1)(d) of the I. D. Act, 1947.

#### PARTIES:

Employers in relation to the management of Burragarh colliery of Messrs Bharat Coking Coal Limited, Post Office Bhagaband, District Dhanbad.

#### AND

#### Their workmen.

#### APPEARANCES:

On behalf of the employers.- Shii B. Joshi, Advocate

On behalf of the workmen.—Shri S. P. Singh, General Secreetary, Khan Mazdoor Congress, Dhanbad.

STATE : Bihar

INDUSTRY : Coal

Dhanbad the 9th June, 1980

#### AWARD

This is a reference under S 10 of the I. D. Act. 1947. The Central Government by its notification No. L-20012/41/77-D.III(A) dated 3rd December, 1977 has referred this dispute to this Tribunal for adjudication on the following terms:

# SCHEDULE

Whether the action of the management of Burragarh colliery of Messrs Bharat Coking Coal Limited, Post Office Bhagaband (Dhanbad) in not regularising the following workmen is justified? If not to what relief are the said workmen entitled?

S.	Name of the worker
No.	

16. Shri Sahadeo Mistry

#### Designation

Timber Mistry

13. Shri Ba ih oa Mahato	-do-
14. Shri Sharbeshwar Mahato	Haulage Khalasi
15. Ashok Kumar	Fan Kha'asi

2. The above 16 workmen mentioned in the afore aid schedule were working in Burragath colliery of Me.srs Bharat Coking Limited even from before the take over of the colliery as casual workers on jobs noted against their names. According to the worker en they were working against permanent vacancies. On 2-10-76 they were laid off as the coal raising was suspended due to intundation of the mine. The colliery was re-opened from 15-5-76 after dewatering of the mine and the concerned workmen and others approached

the employers for employment. They represented their case before the colliery manager verbally and in the last resort in writing on 18-7-76. The colliery manager replied through their office letter No. BCC/A. VIII/28/1055/75 dated 24-7-76 with assurance to consider, but nothing happened. After that their union raised an industrial dispute before the Assirant Labour Commissioner (C) Dhanbad on 3rd August, 1976 against their illegal refusal of employment. The management participated in the conciliation proceeding and submitted their written statement through their office letter No. BCC/A. VIII/76/36-1201 dated 2-9-76 and took a stand that since the workers were casual/badli they could claim no employment. On the request of the union the learned Assistant Labour Commissioner (C) Dhanbad made a spot enquiry on 2-1-77, but the management could not produce any record before him. The management however, submitted one list showing the attendance of the concerned workmen but the union challenged their genuineness. Due to the adamant attitude of the management the conciliation ended in failure on 7-2-77 and thereafter the present reference was made to Central Government Industrial Tribunal (No. 3) Dhanbad for adjudication. The case was received in this court on 7-7-79 on transfer and thereafter this case has been heard.

- 3. The management in their written statement stated that the Khan Mazdoor Congress had no existence in Burragarh colliery as labour union and therefore the union had no authority to raise an industrial dispute. On this score the reference was said to be without jurisdiction. This point has not been pressed on behalf of the management at the time of hearing. The next point taken is that during the pendency of the dispute itself this reference was made and therefore the reference cannot proceed. According to the management the Assistant Labour Commissioner (C) had asked the management to attend conciliation on 9-10-77 and thereafter adjourned the conciliation to 20-10-77, but a report was submitted on 5-2-77. This reference is dated 3-12-77. It appears that after the report was made by the Assistant Labour Commissioner (C) certain points were elucidated from the management, particularly because with regard to 11 workmen the management had taken a decision to take them in permanent employment. There was an attempt made to see that the case of the rest of the workmen could also be considered on that line. This however, could not materialise. It is evident therefore that there could be no impediment in proceeding with this reference by virtue of the fact that some of the concerned workmen being made permanent after the failure report was submitted. In fact at the time of hearing the management has not pressed this point.
- 4. During the pendency of this reference one more workman has been put on the permanent roll of the colliery and therefore 12 out of 16 workmen as mentioned in the schedule have put forth no claim in this reference. At the time of hearing the Secretary of the union representing the workmen has submitted that Sl. Nos. 1, 2, 3, 4, 5, 7, 8, 9, 11, 12, 14 and 15 have been put in the regular cadre of the colliery and therefore they are claiming no relicf in this reference. We are now concerned with Sl. No. 6—Usuf Mia, Sl. No. 10—Shri Kapildo Ram, Sl. No. 13—Shri Budhan Mahato and Sl. No. 16—Shri Suhadco Mistry.
- 5. Now let us see what evidence is available on the record of this case to come to a decision that these 4 workmen should be put on the permanent roll of the colliery. Before I proceed to deal with the evidence in this case, I would like to point out that even according to the workmen, the nature of the job held by them had been casual or badli. It is further true that even before nationalisation of the colliery these workmen had been working in this very colliery on casual basis. Their assertion is that they were working against permanent vacancies. On behalf of the management it has been submitted in their written statement as well as in the argument that in mining operation the management was always required to keep quite a number of casual workers because sometimes there would be heavy load of work and in another time there could be no work. For instance in this particular case the workmen had also admitted that in 1975 there was inundation of the mine and it took a lot of time to pump out water so as to make it fit for operation. Had there workmen been in permanent cadre they would have to be gaid merely for their idleness. It has also been submitted on behalf of the management that due to the pressure of the union it was decided in 1976 that if in a particular calender year a workman had put in 240 days attendance on the surface or 190 days attendance in underground, he

would be entitled to be put into the permanent roll. Prior to that there was no such rule and it appears that these concerned workmen were out of employment ever since inundation of the mine in the year 1975. Conciliation record shows that they were offered atternative job which they declined to do. Subsequently, however, 12 of them have been regularised on consideration of a 3 years figures of attendance in the years 1973, 1974 and 1975. Our discussions, therefore, has to be circumscribed to the question of attendance during 1973, 1974 and 1975 because this is the criteria adopted by the management. In fact this is the only relevant period in which the concerned workmen had worked and it was on the busis of their attendance that the 12 out of 16 workmen have busin placed on the permanent roll.

6. Now let us consider what the evidence is. We have before us Ext. W. 8 which is the list of the 16 workmen and their attendance in 1973, 1974 and 1975. This was a list produced by the management of the colliery during conciliation proceeding. It may be recalled that no other papers were produced before the Conciliation Officer when he visited the reduced belong the Conciliation Officer when he visited the colliery Coviously, the Conciliation Officer did not place any reliance on this paper. On behalf of the workmen, Ext. W. 7 which is an office order issued under the signature of the manager, Eurragarly colliery has also been placed. This is dated 13-3-78, i.e. after this reference was made. 3 workmen including Shri Asoka Kumar were regularized as general men including Shri Asoke Kumar were regularised as general mazdoors in category I by virtue of their attendance in 1973. and 1974. Shri Asoke Kumar was regularised on the basis of his attendance of 229 dar; in 1974. Now, Ext. W. 8 shows that Si No. 15, Shri Asoke Kumar had only 161 days of attendance in 1974. It is therefore clear that while Asoke attendance in 1974. It is therefore clear that write Asoce Kumar had 229 days of attendance in 1974, his attendance shown in Ext. W. 8 to be only 161 days of attendance in 1974 could not be correct. The learned Advocate appearing on behalf of the management has said that Ext. W. 8 did now show the correct attendance because even during the conciliation proceeding the attendance was re-calculated and 11 out of 16 concerned workmen were regularised and subsequently Sri Asoke Kumar was also regularised. According to quently Sri Asoke Kumar was also regularised. According to him therefore, undue stress should not be placed on Ext. W. 8 as correct statement of attendance. Now in order to show that these 4 workmen did not have the requisite number of attendance, the management has produced quite a number of attendance, the management has produced quite a number of documents. There is Ext. M 1 which is the wage sheets for 1973 (95 sheets) Ext. M 2 are wage sheets for 1974 (100 sheets), Ext. M 3 are the wage sheets for 1975 (70 sheets), Ext. M 4 are Cap Lamp issue register, Ext. M 5 is Pit attendance register (6 registers), Ext. M 6 and Ext. M 7 are bonus registers for the year 1973, Exts. M 8 and M 9 are bonus registers for the year 1974; Exts. M 10 and M 11 are bonus registers for the year 1975 and Exts. M 12 and M 13 are bonus registers for the year 1976. According to the management wage sheets are prepared on the basis of the management wage sheets are prepared on the basis of attendance registers and bonus registers are also prepared on the basis of aftendance shows in the wage sheets. Both parties have admitted that so far as these 4 workmen are concerned, these documents produced by the management in proof of their attendance do not go to justify their regularisation. An attempt therefore has been made on behalf of the workmen to show from the attendance registers that these workmen had completed the requisite number of attendance for the purpose of their regularisation. While on behalf of the management the attendance registers produced were checked, WW. 1, Shri Sapan Kabiraj has deposed that he has not checked all the registers filed by the management in this court. On checking the registers already filed here the witness has prepared a chart which is Ext. W. 9. This witness has further said that all the recisters have not been produced. But this appears to be the only document on which the workmen could possibly rely. I am reproducing the contents of Ext. W. 9 for ready reference:

"Attendance of the following concerned workmen of Ref. No. 88/79 as per the registers produced by the management before this Tribunal No. II, Dhanbad:

Nome	Year 1973	Year 1974	Year 1975
1. Sri Sahadeo Mistry	95	188	43
2. Sri Budhan Mahato	Nil	146	1 <b>7</b> 6
3. Sri Kapildeo R≏m	144	162	189
4. Sri Usuf Mia	Nil	7	Nil

- 7. From the above chart it will appear that Shri Sahadeo Mistry worked a maximum of 188 days in 1974 and Shri Budhan Mahato worked for a maximum of 176 days in 1975. Sri Kapildeo Ram worked for a maximum of 189 days in 1975 and Usuf Mia did not work in 1973 and 1975 but he worked for 7 days in 1974. Now let us consider the case of these individual workmen. All these 4 workmen have been examined as workmen witnesses. Sri Sahadeo Mistry is WW. 2. He has said that he is at present working in the colliery as a carpenter on the surface. But in Burragarh colliery he used to work as a timber mistry in the underground. He was working in stone dust barrier in a team of six persons. He worked for the complete full year 1973, 1974 and 1975 and his attendance was marked for the complete years. In his cross-examination he has said that he received payment for working in the stone dust barrier and he was also paid quarterly bonus. He has further admitted that he did not work in a particular place of the colliery but worked in different places of the colliery. So far as stone dust barrier is concerned, he has said that its life is between six months to one year. He has admitted that besides working in stone dust barrier, he used to work as a timber mistry underground. From his own admission he was required to work anywhere in the colliery even as timber mistry. Now and so his attendance shown in Ext. W. 9 does not qualify bim to be placed in regular cadre.
- 8. Now turning to the case of Sri Budha Mahato his evidence is that in 1973 he was a trammer working underground and during 1974 and 1975 he worked more than 190 days in each year. He does not say as to what was his attendance in 1973. Lat Ext. W. 9 shows that his attendance in 1973 is 'Nil'. In 1974 he is shown to have worked for 146 days and in 1975 for 176 days. Obviously, he did not work for 190 days either in 1974 or in 1975. Therefore he also cannot claim regularisation.
- 9. Now let us take up the case of Sri Kapildeo Ram. He is WW. 3. According to his evidence he was working as trammer in Burragarh collicry and he was therefore working underground. He was appointed in the year 1971 after the take over and worked till 1975. He has said that the colliery was drowned sometime in the year 1975. He has generally said that in 1973, 1974 and in 1975 he has put in more than 190 days attendance in each year. In cross-examination he has said that he has not maintained any paper to show his altendance. He has further said that he has been paid for the work done by him and he never got any less payment and so he did not make any complaint. Now Ext. W. 9 shows that Sri Kapildeo Ram worked for 144 days in 1973, 162 days in 1974 and 189 days in 1975. It is evident that this workman did not complete 190 days attendance in any particular year so as to take advantage of the rule of the management to be regularised in permanent job on the basis of attendance.
- 10. We have now the case of Useful Mia, whose attendance was shown to be 'nil' in 1973 and 1975 and only 7 days attendance in 1974, as shown in Ext. W.9. His evidence is that he is still working in Burragarh colllery where be used to work since 1971, i.e. after the take over. He was working as a line mistry. It is not clear from his evidence as to whether he was working in the underground or in surface. But the maximum that could be produced his crost-examination he has said that from the wage sheets on behalf of this workman is 7 days attendance in 1974. In and quarterly bonus register it could be found out as to how many days he had worked. The management had shown by producing the wage sheet and bonus register that he did not work for the requisite number of days to justify to be on the regular cadre of the colliery. So far as his case is concerned it has been said that deductions used to be made out of the pay of Usuf Mia towards Compulsory Doposit Scheme. One document Ext. W. 5 has been proved by MW. 3. Shri R. The to show that Rs. 8.37 was deducted towards CDS from his pay. This Ext. W. 5 is in From B showing the name of the employee to be Yusuf Mia of Barragarh colliery. It is dated 28-4-76. But this is a statement of Additional Wage Doposit Account and Additional Dearness Allowance Deposit Account for the year ending October 1974 to February, 1975. The chart further shows that the deduction was made out of Additional Dearness Allowance Deposit Account. This by itself does not go to show much because we do not know what actual amount of dearness allowance was obtained by this workman out of which this

above deduction was made. This could possibly reflect on his attendance, but it has not been shown to me from either side as to what could possibly his attendance during the period mentioned in Ext. W. 5. In a case like this the onus is on the workman to show the actual attendance so as to justify the regluarisation. The management has produced all the relevant papers on their own initiative and also on the basis of the documents called for. The learned Advocate appearing on behalf of the management has submitted that the attendance register is maintained only for a bimited period of one year whereafter it is destroyed. It was luckily that in this particular case the attendance registers were lying scattered and the management could be able to produce whatever registers were obtainable. But his main contention is that on the basis of actual attendance the wage sheets are prepared and bonus registers are also prepared on the basis of attendance shown in the wage sheets. The management witnesses have sald this, and since this fact is not disputed, I need not particularly refer to their evidence. The concerned workmen also did not appear to have raised any grievance of less payment made to them by the management on the basis of wage sheets and bonus registers produced here. This hows that the attendance shown in the wage sheets and bonus register cannot be brashed aside. Thus, so far as Usuf Mia is concerned, there is no basis to hold that he completed 190 days attendance in order to justify his regularisation in the permanent roll of the colliery.

- 11. Thus, having considered the case from all aspects I have to hold the following:
  - (1) The 12 concerned workmen viz:
    - Sri Swapan Kabiraj, I ine Mistry.
    - Sri Babujan Mia, Houlage Khalasi,
    - Sri Ranjit Kumar Mitra, Line Mistry,
    - Sri Sibsankar Singh, Luseman,
    - Sri Ramdhani Gope, I useman,
    - Sri Lipado Chatterjee, Chairman
    - Sri Damodar Ram, Timber Mistry,
    - Sri Jitan Yadeo, Trammer,
    - Sri Rainaravan Pandey, Trammer,
    - Sri Amin Mia, Luseman
    - Sri Sharbeswar Mahato, Haulage Khalasi, and
    - Sri Asok Kumar, Fan Khalasi

are not entitled to any relief as they have been regularised by the management and are claiming to relief in this reference.

(2) The four concerned workmen viz:

Shri Usuf Mia, Line Mistry

Shri Kapildeo Ram, Trammer

Shri Budhan Mahato, Luseman, and

Shri Sahadeo Mistry, Timber Mistry

cannot be regularised because they have not completed requisite number of attendances. Consequently, these four concerned workmen are not, entitled to any relief.

This is my award.

J. P. SINGH. Presiding Officer [No. L-20012/41/77-D  $\Pi I(\Lambda)$ ]

S.O. 1823.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 1, Dhanbad, in the industrial dispute between the employers in relation to the management of Mandman Colliery of Messrs Eastern Coalfields Limited, Post Office Mugma, District Dhanbad and their workmen, which was received by the Central Government on the 16th June, 1980.

#### APPEARANCES:

For the Employers—Shri T. P. Choudhury, Advocate. For the Workmen—Shri D. Mukherjee, Advocate,

STATE : Bibar.

INDUSTRY . Coal

Dhanbad, dated, the 7th June, 1980

#### AWARD

By an Order No. L-20012/79/78-D-HI(A), dated 20-10-78 the Central Government being of opinion that there was an industrial dispute between the employers in relation to the management of Mandman Colliery of Messrs Eastern Coalfields Limited and their workmen in respect of the matter specified in the Schedule below, the Central Government in exercise of the powers conferred by clause (d) of sub-setion (1) of Section 10 of the Industrial District Act, 1947, referred the dispute for adjudication to this Tribunal. The Schedule to the reference reads thus:

- "Whether the action of the management of Mandman Colliery of Messis Fastern Coalfields Limited, Post Office Mugma, District Dhanbad, in dismissing Shii Rabi Roy Coal Cutter from service with effect from the 12th November, 1976, is justified? If not, to what relief is the said workman entitled?"
- 2. After receipt of the reference parties were noticed and the workman through the union representing him filed his written statement. The management also filed its cwn.
- 3. As the union in its written statement challenged the fairness of the domestic enquiry held before the workman was served with an order of dismissal, at the instance of the management the question relating to the fairness of the enquiry was decided as a preliminary point in favour of the management.
- 4. At the time of final hearing of the case neither party chose to adduce any oral evidence and both parties argued respectively on the basis of the report of the Fnquiry Officer in the domestic enquiry and the evidence led by the parties before the enquiry.
- 5. It appears from the record that Sri Rabi Roy, workman concerned was working as a Coal Cutter in Mandman Col-His village is either at a distance of 16 K M. or 16 miles from the colliery in question. The workman after working uptil 23-4-76 left the work without permission. Management waited upto 6-5-76. When the workman did not return, the management issued a chargesheet Ext. M-1 under Clause 17(1) of the Model Standing Orders requiring the workman to show cause why disciplinary action should not be taken against him for absenting himself from work without permission. The chargesheet could not be served although the same was sent first of all by Registered Post and then under Certificate of Posting. Fxt. M-5 and M-6 are the registered cover and the certificate of posting respectively showing that chargesheet was attempted to be served upon the workman in two ways. Even though the chargesheet was not received by the workman he himself turned up on 2-8-1976 with a medical certificate marked Ext. 2B and prayed for permission to join his duty. It was at that time the chargesheet which had not been served upon the workman till then was handed over to the con-cerned workman by the management. In his reply Ext. M-2 dated 2-8-76 to the charge the workman said that on 24-4-76 he went home for an orgent work (hinking that he would return on 26-4-76 (25-4-76 being a Sunday), but on 26-4-76 according to the reply the workman got fever. As his village was in interior of a jungle at a distance of 16 K.M. from the colliery, as there were only few houses in the village and no Post Office and as there was no relation of his at

home through whom he could send information about his illness to the management it was not possible for him to communicate the information about his illness and his inability to join duty to the managemen. While suffering from fever the workman called a Doctor to treat him at his village. According to the Doctor's certificate and the reply the fever the workman was suffering from was typhoid. After recovering from fever the workman was very weak and was not able to move. When he became alright and able to move he obtained a medical certificate of fitness from the Doctor and presented himself for duty at the colliery. On these allegations the workman prayed in the reply to be permitted to join his work.

This reply was not found to be satisfactory by the management which ordered for a domestic enquiry. In the domestic enquiry the Doctor was not examined by the workman. The chargeshect which was sent by Registered post and under certificate of posting alongwith chargeshect which was served on the workman on 2-8-1976 were produced before the Enquiry Officer as well as the reply of the workman. The workman on his side produced the Doctor's certificate. The Doctor's certificate says that the workman concerned was suffering from typhoid fever from 23-4-1976 to 31-7-76. This being directly contrary to the case of the workman as made out in his reply the Enquiry Officer disbelieved the plea of illness advanced by the workman and had him guilty of the charge. Another feature which weighed against the workman is that even though according to him there was no relation of his in his village through whom he could send information to the colliery about his illness, he could get the Doctor to his viage home for his treatment. Even the person who was sent to the Doctor to call him has not been examined by the workman in the domestic enquiry. In these circumstances I find hat the finding of the Enquiry Officer that the explanation submitted by the workman is false and that he is guilty of the charge is fully justified.

A point has been raised by Mr. D. Mukherjee learned counsel for the union that the order of dismissal has been issued by an un-authorised person and so the same cannot be sustained. In this connection reference may be made to the document mentioned in item No. 5 of the list of documents filed by the management on 14-5-75. This document clearly shows that the order of dismissal against the workman has been passed by the General Manager and thereafter the same has been communicated to the workman. In view of this the point raised by Mr. Mukherjee fails.

The next point argued by Mr. Mukherjee for the workman is that the gravity of the charge and past record of the workmen should have been taken into consideration by the management before inflicting the punishment of dismissal. In the connection reference is made to a case reported in 1974 Lab. I.C. 1496 (P. Orr. & Sons v. Labour Court, Madras) in which it is held that the theft of an empty oil tin worth 30 paise is not so grave as to justify a punishment of dis-This case can be of no assistance to Mr. Mukherjee. Here the charge against the workman is wilful absentation from duty without permission which is a misconduct under the Model Standing Orders. Admittedly the workman was on duty till 23-4-76 and again reported himself for duty on 2-8-76. For this period of absence the explanation furnished by the workman has been found to be not satisfactory. That being so by no stretch of imagination it can be said that the charge against he workman is no so grave as to justify an order of dismissal. If the absence should have been a day or two the matter would certainly stand on a different footing, but in the present case the wilful absence without permission is for a period of about four months An employer under no circumstance will tolerate this, unless the absence is supported by satisfactory explanation. The explanation as has been indicated above given by the workman is not only unsatisfactory but false. Therefore I do not think that the management is not justified in inflicting a punishment of dismissal against the concerned workman. For these reasons I hold that the order of punishment is justified and calls for no interference. The reference is answered accordingly.

B. K. RAY, Presiding Officet. [No. L-20012/79/78-D.III(A)

S.O. 1824.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 2, Dhanbad, in the industrial dispute between the employers in relation to the management of the Ena Colliery of Messrs Bharat Coking Coal Limited Post Office Dhansar, District Dhanbad and their workmen, which was received by the Central Government on the 17th June, 1980.

Dhanbad, 13th June, 1980

#### **AWARD**

This is a reference under Section 10 of the I.D. Act, 1947. The Central Government by its notification No. L-20012/164/78-D.III(A) dated 14th June, 1979 has referred this dispute to this Tribunal for adjudication on the following terms:

#### **SCHEDULE**

"Whether the demand of the workman of Ena colliery of Messrs Bharat Coking Coal Limited, Post office Dhansar, District Dhanbad that the award of the Central Government Industrial Tribunal No. 2, Dhanbad, published under S.O. No. 2670 in Part II, Section 3, Sub section (ii) of the Gazette of India, dated the 27th July, 1968, should be implemented by the management of Bharat Coking Coal Limited and that the workman should be reinstated in his post with back wages from the 1st May, 1972, is justified? If so, to what relief is the said workman entitled and from what date?"

- 2. Shri Chotu Mian the concerned workman of Ena colliery was employed as underground trammer. He was dismissed from service by the erstwhile employer viz. M/s. North West Coal Company I td. for alleged misconduct with effect from 11-5-65. Shri Chotu Mian raised an industrial dispute with regard to his dismissal from service through his union which was referred to the Central Government Industrial Tribunal (No. 2) Dhanbad for adjudication. Subsequently the reference was transferred to Central Government Industrial Tribunal (No. 2) Dhanbad where it was numbered as Reference No. 98 of 1967. This Tribunal gave its award dated 3rd July, 1968 in favour of the concerned workman, Shri Chotu Mian and held that the action of the management in dismissing Shri Chotu Mian was unjustified and directed the management to reinstate him to his original job with continuity of service and also awarded full wages of the idle period. That order was published under S.O. No 2670 in part II Section 3 Sub-section (ii) of the Gazette of India dated 27-7-68.
- 3. The erstwhile management of Ena colliery filed a Writ petition in the Patna High Court against the award which was numbered as CWJC 705/68. The High Court dismissed

the Writ petition. The management thereafter filed an Appeal before the Supreme Court against the said judgement of Patna High Court. The appeal was admitted for hearing on condition that the erstwhile employer would pay the half wages to the concerned workman from the date of judgement of Patna High Court till the disposal of the Appeal in the Supreme Court and also deposit the half wages payable to the concerned workman from the date of his dismissal till the judgement of the Patna High Court.

- 4. During the pendency of the Appeal before the Supreme Court, Ena colliery was taken over by the Central Government with effect from 17-10-1971 and subsequently was nationalised w.e.f. 1-5-1972 and the ownership of the colliery vested in M/s. Bharat Coking Coal Limited with effect from 1-5-1972. The erstwhile employer continued to pay half wages to the concerned workman as directed by the Supreme Court, and similarly from 1-5-72 M/s, Bharat Coking Coal Ltd. also paid, but it was stopped by the Bharat Coking Coal Ltd. The erstwhile employer withdrew their appeal from the Supreme court on 25th March, 1975 and consequently the appeal was dismissed by the Supreme Court.
- 5. The concerned workman, Shri Chotu Mian approached the new management of Ena colliery of M/s. Bharat Coking Coal Ltd. for his reinstatement in his original job in Ena colliery and for payment of his wages from 1-5-72 onwards till he was reinstated; but the Bharat Coking Coal Ltd. did not reinstate the concerned workman on the plea that the Bharat Coking Coal Ltd. was not liable to reinstate the concerned workman because of protection given to it under S. 9(2) of the Coking Coal (Nationalisation) Act, 1972. There was a prolonged correspondence between the Bharat Coking Coal Ltd. and the concerned workman in that regard; but nothing was done. An industrial dispute was raised which has resulted in this Reference.
- 6. The management in their written statement have admitted all the facts as stated above. It was however stated that under S.9 of the Coking Coal Mines (Nationalisation) Act, 1972 no award was binding upon the Government company if it was given prior to the appointed date, i. e. 1-5-1972. That this award was given in 1968 and the Bharat Coking Coal Ltd. was, therefore, not liable to implement the award. It was further contended that Shri Chotu Mian has already crossed the age of superannuation and since he is not a workman within the definition of 'workman agiven in the I. D. Act, 1947, he could not raise any industrial dispute. This reference on that score is said to be incompetent.
- 7. On behalf of the workman reliance has been placed on 1978 Labour & Industrial Cases-Page 709. This is a Supreme Court decision and S.9 of the Coal Mines (Nationalisation) Act has been interpreted, I am quoting below from the placitum.

"Sec. 9(1) has nothing to do with wrongful dismissals and awards for reinstatement. It deals with pecuniary and other liabilities and has nothing to do with workmen. If at all rathas anything to do with workmen it is regarding arrears of wages or other contractual, statutory or tortious liabilities. S. 9(2)(b) when it refers to 'awards' goes along with the words 'decree', or 'order'. By the canon of construction of noscitur a sociis the expression 'award' must have a restricted meaning. Moreover, its scope is delimited by Section 9(1). If back wages before the appointed day have been awarded or other sums accrued prior to nationalisation, have been directed to be paid to any workman by the new owner, S. 9(2)(b) makes such claims non-enforceable. There is no reason to hold that S. 9(2)(b) nullifles S. 17(1) or has a larger operation than S. 9(1). The whole provision confers immunity against liability, not a right to jettison workman under the employ of the previous owner in the eye of law. The award of the Tribunal is restored. 1976 Lab. IC 1513 (Pat), Reversed."

- 8. With regard to S. 17 of the Coal Mines (Nationalisation) Act the following was held:
- "S. 17 is a special provision relating to workmen and their continuance in service notwithstanding the trasfer from private ownership to the Central Government or Government Company. This is a statutory protection for the workmen and is express, explicit and mandatory. It is plain from the definition of 'workman' in S. 2(s) of the Industrial Disputes Act that

- the dismissed workmen are workmen within meaning of S. 17 of the Mines Act. It cannot be contended that because they had been wrongfully dismissal and therefore, are not physically on the rolls on the date of the takeover, they are not legally workmen under the new owner. The statutory continuity of service cannot be breached by the wrongful dismissal by the prior employer. It is important that that dismissal should be set aside and the award expressly directed reinstatement "with continuity of service by the management for the timebeing". Such finding has been given in the award and it is not challenged. What matters is not the physical presence on the rolls but the continuance in service in law because the dismissal is non est, AIR 1970 SC 1217(1221) Rel. on."
- 9. The above therefore answer all the points raised on behalf of the management. S. 9(2) of the Nationalisation Act has no application to a case like this and the right of the concerned workman is protected under S. 17 of the same Act. The net result will be that on account of the fact that Schri Chotu Mian's dismissal was aside under the previous award of this court, he will be deemed to continue in service right from the date of his dismissal and consequently, he will also be deemed to be in service at the time when the Bharat Coking Coal Ltd. took over the ownership of the coal mines. It was, therefore, wrong on the part of the Bharat Coking Coal Ltd. to refuse the concerned workman employment.
- 10. Now let us consider the question as to whether this reference is competent on account of the allegation that Shri Chotu Mian had already superannuated and is not a workman within the definition of I.D. Act, 1947. The dispute was raised by the Secretary, Bihar Colliery Kamgar Union, Dhanbad and it has been stated in the written statement of the concerned workman that he happens to be a member of that union. The management examined one witness, Shri A. B. Sarkar of the Coal Mines Provident Fud's office. He has produced the Providet Fund register. On page 204 against A/C No. C/118636 the particulars of Shri Chotu Mian son of Sri Amru Mian of Ena colliery was noted. The entry was marked Ext. M2. A true copy was placed on the record as Ext. M 2 because the original was returned through the witness. In Ext. M 2 the date of birth of Shri Chotu Mian is shown to be 1917. According to that document Sri Chotu Mian completed 60 years of age in the year 1977. But Sri Chotu Mian has been examined as WW. 1 and he has given his present age as on 27-3-80 to be 56 years. It has been contended on behalf of the workmen that the entry in the Provident Fund register with regard to the age could not be an absolute proof of the fact that Sri Chotu Mian was born in No date of birth is mentioned. He has further contended that if the management was keen to establish that the concerned workman has already been superannuated before the reference was made, the management should have proved the same through Form B register and other documents the correct age of Sri Chotu Mian. Sri Chotu Mian has stated on oath that he was merely 56 years and has still 4 years to serve. What he meant to say is that the evidence is not sufficient to consider as to whether Sri Chotu Mian had actually superannuated on completion of 60 years of age. This should be determined later on with authentic proof of age together with medical opinion of age. I agree that the material on record is not sufficient to warrant a conclusion that prior to the reference the concerned workman had already superannuated so as to take him out of the definition of wokman as given in the Industrial Disputes Act. I, therefore, hold that the reference is not incompetent.
- 11. In the result, I hold that the demand of the workmen of Ena colliery of Messrs Bharat Coking Coal Limited, Post office Dhansar, District Dhanbad that the award of the Central Government Industrial Tribunal No. 2, Dhanbad, published under S.O. No. 2670 in Part II, Section 3, Sub-section (ii) of the Gazette of India dated the 27th uly, 1968, should be implemented by the management of Bharat Coking Coal Limited and that the workman should be reinstated in his post with back waves from the 1st May, 1972, is justified. Consequently, the management of Bharat Coking Coal Ltd. should reinstate Shri Chotu Mian w.e.f. 1-5-1972 and pay him all the back wages and other benefits as are admissible to him with effect from 1st May, 1972.

This is my award,

S.O. 1825.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 1, Dhanbad, in the industrial dispute between the employers in relation to the management of Tetulmari Coliiery of Messrs Bharat Coking Coal Limited, Post Office Sijua, District Dhanbad and their workmen, which was received by the Central Government on the 16th June, 1980.

INDUSTRY: Coal

Dhandbad, the 9th June, 1980

#### AWARD

The Central Government, in exercise of the powers conferred by clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act referred the following dispute for adjudication to the Central Govt. Industrial Tribunal No. 2, Dhanbad, by Order No. L-20012|166|74|LRII|DIIIA, dated, the 26th June, 1975, namely,

- "Whether the employers in relation to the Tetulmari Colliery of Messrs Bharat Coking Coal Limited, Post Office Sijua, District Dhanbad, are justified in dismissing from service Shri S. K. Chakraborty, overman? If not, to what relief is the said workman entitled and from which date?"
- 2. While the reference was pending adjudication before Central Govt. Industrial Tribunal No. 2, Government of India, Ministry of Labour by Order No. S-11025(1)|77-(i)-D.IV(B) dated 22-2-1977 transferred the same to this Tribunal. After notice parties have filed their respective written statements.
- 3. The facts leading to the dispute are as follows. The concerned workman was an overman in-charge of 4 Seam of D. P. Chandore Colliery and 4 & 5 Seam of South Loyabad Colliery. One Shri Baijnath Rajwar was working as overburden worker in D. P. Chandore till 19-2-1974. On his own application he was transferred to South Loyabad Colliery with effect from 22-2-1974. The order of transfer was made on the advice of Manager and Asstt. Manager to the knowledge of the workman concerned. It was, however, detected that Shri Baijnath Rajwar inspite of transfer to South Loyabad had been paid and his attendance had been booked in D. P. Chandore after 22-2-1974. It was further detected that Shri Baijnath Rajwar's wage had also been billed in South Loyabad colliery. The further case of the management is that on 3-4-1974 the concerned workman asked Shri Hari Agarwal, Attendance Clerk of 4 Seam & 5 Seam of South Loyabad Quarry to over-report the raising of coal by 11 tonnes. When Shri Agarwal refused the workman concerned in his own pen reported the raising by 11 tonnes, On 4th and 5th April, 1974 the workman concerned again asked Shri Hari Agarwal to over-report in Form IVA raising of coal by 5 and 4 tonnes respectively and when Shri Agarwal refused the workman concerned himself did the over-reporting.

On these allegations the concerned workman was charge-sheeted as per Ext. M-2 and was called upon to show cause. In the show cause Ext. M-3 submitted by the workman he admitted that Shri Baijnath Rajwar was working since long in D. P. Chandore Quarry. The workman, however, demed that Shri Baijnath Rajwar was transferred on 22-2-1974 to South Loyabad Colliery under his advice. The workman admitted that under the direction of Asstt. Manager he gave comment on Shri Baijnath Rajwar's application that Sri Baijnath Rajwar might be allowed to be transferred. According to the workman concerned Shri Baijnath Rajwar was working in D. P. Chandore Quarry subsequent to 22nd February, 1974 and his wage bill had been mepared in D. P. Chandore Quarry and he had been paid. Regarding the 2nd and 3rd charge the workman concerned replied that the report dated 3-4-74, 4-4-74 and 5-4-74 were true and correct. He of course denied to have asked Shri Hari Agarwal, the Attendance-Clerk, to over-report as per the allegations in the charge.

- 4. The reply of the workman not being considered satisfactory by the management a domestic enquiry was held in which the workman concerned was found guity. The finding of the Fnquiry Officer was accepted by the management and the workman concerned was dismissed from service which gave rise to the present dispute.
- 5. The order of dismissal has been based as per para 17 of the Model Standing Orders.
- 6. In the written statement filed by the management a preliminary point had been raised that the workman was not a workman and so the reference was bad. Similarly in the written statement filed by the workman it had been alleged that the domestic enquiry held by the management was not fair and proper. This allegation of the workman had been challenged by the management in its written statement. At the instance of the management these two preliminary points were taken up one after another prior to hearing of the case on merit. By order dated 10-7-78 my predecessor held that the workman concerned is a workman and the reference is in order. By order dated 15-1-1980 I have held that the domestic enquiry has been fair and proper and in due compliance with principles of natural justice.
- 7. At the time of hearing on merit no fresh evidence has been led by the parties. Mr. B. Joshi for the workman concerned and Mr. G. Prasad for the management had argued their respective cases.
- 8. Regarding charge No. 1 management has relied upon the application of Shri Baijnath Rajwar dated 16-2-74 seeking transfer from D. P. Chandore Quarry to South Loyabad Colliery Ext. M-1 before the Enquiry Officer. There is an endorsement in the hand of the workman concerned on the application that Shri Baijnath Rajwar may be allowed to work as over-burden as prayed for by him in his application. This is dated 20-2-74. There is an endorsement on the application of the Manager of the Quarry dated 'nil' in which the Manager directed the Asstt. Manager saying that Shri Baijnath Rajwar may be transferred. There are two endorsements on the application by two different Asstt. Managers. One of the endorsement says that the Attendance Clerk is to comply and other endorsement says that Shri Chakraborty (workman concerned) to verify and do the needful. Wage-sheet for D. P. Chandore Quarry for the week ending 13-4-74 has been relied upon by the management before the Enquiry Officer showing that Shri Baijnath Rajwar has been paid Rs. 80.03 paise. This wage-sheet bears the signature of the workman concerned. It is admitted that the wage-sheet is prepared on the basis of the Attendance Register. Another wage-sheet of South Loyabad Colliery for week ending 6-4-74 has also been relied upon by the management before the Enquiry Officer. On this wage-sheet, Shri Baijnath Rajwar has been paid Rs. 26.16 paise. This wage-sheet, however, has not been signed by the workman concerned.

Regarding charges Nos. 2 and 3 management relied upon three reports of the Attendance Clerk dated 3-4-74, 4-4-74 and 5-4-74. The correctness of these reports are admitted by the workman concerned. The report dated 3-4-74 shows that there has been an addition of 11 tonnes, report dated 4-4-74 shows that there has been an addition of 6 tonnes and report dated 5-4-74 shows that there has been an addition of 4 tonnes.

9. On the first charge the contention of the workman is that inspite of the order of transfer Sri Baijnath Rajwar continued to work in D. P. Chandore Quarry. During the enquiry two persons in the name of Baijnath Rajwar had been examined, one for the management and the other for the workman concerned. Form B Register has not been produced before the enquiry to show which of the two persons is the real Baijnath Rajwar who was transferred as alleged by the management. The wage-sheet for week ending 13th April 1974 for D. P. Chandore Quarry and the wage-sheet for week ending 6th April, 1974 for South Loyabad Colliery have been produced by the management in the enquiry to show that under the former one Baijnath Rajwar has been paid Rs. 80.03 paise and under the latter one Baijnath Raj-war has been paid Rs. 26.16 p. The Attendance Clerk who has been examined in the case and whose duty it was to mark the attendance of the workman of the overburden does not say any thing as to which of the two Baijnath Rajwar is the real Baijnath Rajwar. The Enquiry Officer in his icport does not decide the question as to which of the two Baijnath Rajwar is the real Baijnath Rajwar who was transferred, by saying that the question is beyond the scope of the charge. Nothing has been shown before me as to which of the two persons examined by the parties before Enquity Officer is the real Baijnath Rajwar. The wage-sheets of D. P. Chandore Quarry and of South Loyabad Colliery for the same period also has not been produced to Colliery for the same period also has not been produced to show that during the same period one Baijnath Raywar has been paid. This being the position conceding that all the documents relied upon by the management are genuine it comes to this that inspite of the order of transfer of Baijnath Rajwar from D. P. Chandore Quarry to South Loyabad Colliery on 22nd February, 1974 he was allowed to work in D. P. Chandore Quarry for some time. It is not the duty of the concerned workman who was overman to mark the attendance of the overbuilden working in the Quarry. It is the duty of the Attendance Clerk to mark the attendance of the working. The Attendance Clerk in the case does not say The Attendance Clerk in the case does not say anything on the point. It is the duty of the Munshl to report the raising of each worker naming him in his report. He has also not been examined. The charge against the workman concerned is one under para 17(1)(a) which reads thus.

"The following shall denote misconduct :-

(a) Theft, fraud, or dishonesty in connection with the employer's business or property."

The aforesaid irregularities even it accepted to have been committed by the workman do not amount to either theft, fraud, or dishonesty in connection with the employer's business or propery. It is not disputed that for the week ending 13-4-74 one worked in the name of Baijnath Rajwar in D. P. Chandore Quarry. Having worked he is entitled to his wage which has been billed under the wagesheet. Similarly the wage-sheet for week ending 6-4-1974 shows that one Baijnath Rajwar worked for the period in South Loyabad Colliery for which he has been paid. That being the state of affairs by no stretch of imagination it can be said that the workman concerned committed either an act of theft, fraud or dishonesty in connection with the employer's business or property. At best if the case of the management is accepted the concerned workman allowed one Baijnath Rajwar to work in D. P. Chandore Quarry after the order of transfer. As per the finding of the Enquiry Officer it is not known whether Sri Baijnath Rajwar who worked in D. P. Chandore Quarry after 22-2-74 is the real Baijnath Raiwar or not. If he is real Baljnath Rajwar the act of the workman will at best amount to not giving effect to the order of transfer passed by he Manager. If Baijnath Rajwar who worked in

D, P. Chandore after 22-2-74 is not the real Baijnath Rajwar it cannot be said that he was allowed to work with the knowledge of the workman concerned. If a person other than real Baijnath Rajwar got his attendance marked in the Attendance Register it was for the Attendance Clerk to point out that the Munshi's evidence would have thrown light on the question as to whether the person who was working in D. P. Chandore after 22nd February, 1974 was the real Baijnath Rajwar or not. The Enquiry Officer was not able to say as has been pointed out earlier whether the person working in D. P. Chandore after 22nd February, 1974 is the finding of the Enquiry Officer that the workman is guilty in respect of Charge No. 1 cannot be substained as it is not justified. The evidence led by the management in my view is far from satisfactory to bring home the Charge No. 1 to the concerned workman. I, therefore, hold him not guilty of the charge.

Regarding other two charges, namely, over-report of rusing on three days, namely, 3-4-74, 4-4-74 and 5-4-74 the case of the management is still worse. The concerned workman admits that he has added 11 tonnes, 6 tonnes and 4 tonnes in the three reports. According to him these additions represented the quantity of Bhus coal raised. The stand of the workman is that he mentioned this amount to give a complete nicture of the total raising in the Seam. The finding of the Enquiry Officer is that these subsequent additions in the reports by the workman concerned are in respect of Bhus coal for which there has been no payment. Assit. Manager deposed before the Enquiry Officer that he had given specific instruction to the concerned workman not to mention raising about bhus coal in the report but there is no written instruction to this effect. This oral statement of the Assit. Manager before the enquiry officer not supported by any cogent evidence even if accepted to be true the fault of the workman will only amount to not obeying the orders of the Assit. Manager. There has been no payment for extra quantity of Bhus coal mentioned in the three reports. According to the Assit. Manager the Bhus coal reported by the workman was not billed in Form IVA. It cannot, therefore, be said that the workman is guilty of the charge under para 17(1)(a) of the Model Standing Orders as quoted above. I, therefore, hold that the finding of the Enquiry Officer that the workman is guilty of the two other charges is not justified. A case under para 17(1)(a) has not been made out by the management against the workman concerned. There has been no theft, fraud, or dishonesty in connection with the employer's business or property. So I hold that the workman is not guilty.

The decision cited by Mr. G. Prasad learned counsel for the management reported in 5 SCLL 2999 (Balipara Tea Estate V. Its workman) is not at all applicable to the facts of the present case in as-much-as there has been no misappropriation of money or property belonging to the management by the workman concerned or by anybody in connivance with the workman.

10. For the reasons stated above the order of dismissal dismissing the workman concerned with effect from 18th June, 1974 cannot be sustained in law and is set aside. The workman concerned is entitled to be reinstated with full back wages from the date of his dismissal.
